

ROLAND TOWNSHIP **ZONING ORDINANCE**

PREAMBLE

This land use Ordinance is adopted under the provisions authorized by the North Dakota Century Code.

PURPOSE & INTENT

The purpose of this Ordinance is to insure, promote and protect the health, safety and general welfare of present and future inhabitants of Roland Township:

- by securing the most appropriate use of the land;
- by preventing undesirable uses of the land;
- by preventing undue concentration of population;
- by providing for the orderly development of undeveloped areas;
- by encouraging and facilitating adequate and economical provision of transportation, water supply, sewage disposal, recreational facilities and other public facilities; and
- by otherwise protecting and preserving the attractive, stable and wholesome environment of Roland Township.

DATE OF ADOPTION

By authorization of the Roland Township Board of Supervisors
following a Public Hearing June 11, 2001

Current Edition incorporates AMENDMENTS approved following
Public Hearings up to May 2023.

ACKNOWLEDGEMENTS

Zoning Ordinance Committee

Roland Township Board of Supervisors 2000-2001:

Dave Folske Lois Schaefer Jeff Monson Dwane Getzlaff Al Wondrasek
Les Turner, Zoning Administrator

Citizen Representatives/Lake Metigoshe Residents:

Tom Dahle Roger Nelson

Attorney Review: Mike Sturdevant Arne Boyum

Editing & Layout: Glenore Gross, Deputy Clerk

Boards in place for periodic Public Hearings for Amendments:

 ADDENDUM C: Nuisance Ordinance No. 1

SECTION I
INTRODUCTION

- A. **AUTHORITY:** This Ordinance is adopted under the authority granted by Title 58 – Townships of the North Dakota Century Code (NDCC).
- B. **TITLE:** This Ordinance shall be known as “Roland Township Zoning Ordinance.”
- C. **SEVERABILITY:** If any part of this Ordinance is adjudged invalid by a court of competent jurisdiction, the remainder of this Ordinance shall not be affected thereby.
- D. **EFFECTIVE DATE:** This Ordinance shall be effective after a public hearing and adoption by the Board of Supervisors of Roland Township.
- E. **DEFINITIONS:** For the purpose of this Ordinance certain words or phrases used herein are defined as follows:
- 1) **ACCESSORY STRUCTURE or FACILITY:** Any structure or facility incidental to another structure or facility on the same lot. Examples of such structures and facilities include but are not limited to: Swimming pools; tennis courts; saunas; solar collectors; wind generators; satellite dishes; detached garages; storage buildings; and recreational trailers and vehicles. [See *Section II.E.8. Accessory Uses & Structures & Section III.D.1.e.*]
 - 2) **ACCESSORY USE:** Any use which is incidental to the principal use of a lot.
 - 3) **AGRICULTURE:** The use of land for agricultural purposes.
 - 4) **AGRICULTURAL STRUCTURE:** Any structure existing or erected and used principally for agricultural purposes, with the exception of dwelling units.
 - 5) **ANIMAL HOSPITAL or CLINIC:** A place where animals are treated and accommodated by a veterinarian.
 - 6) **BACK LOT:** A separate lot away from the lake shore.
 - a) Residential areas designed solely for residential dwellings, where the sewer system has been implemented in a new sub-division.
 - b) Non-Residential areas, not for use as residential lots. <2015>
 - 7) **BED & BREAKFAST:** A single-family, owner-occupied dwelling where four (4) or fewer rooms are rented to transient guests on a limited nightly basis and where one meal, generally breakfast, is offered in connection with the sleeping room.
 - 8) **BOARD OF APPEALS:** The Roland Township Board of Appeals as appointed by the Roland Township Board of Supervisors.
 - 9) **BOARDING HOUSE:** A building where three or more persons are accommodated for lodging and meals.

- 10) **BOATHOUSE:** A structure designed and used solely for the storage of boats or boating equipment. Defined as a single story building, minimum dimension of eighty square feet (80 sf) to a maximum of two hundred square feet (200 sf), not to exceed eight foot (8') side walls, minimum flat or 3-12 pitch to a maximum 4-12 pitch roof, new exterior construction, colored to blend in with natural surroundings, accessible to water no closer than seven and one-half feet (7 1/2') or more than ten feet (10') from the normal high water mark. CANNOT BE USED FOR LODGING, PATIO OR BALCONY. [*See Section II.E.7. Boathouses*]
- 11) **BUILDING:** Any structure, either temporary or permanent, having a roof or other covering, and designed for the shelter or enclosure of any person, animal, or property of any kind, including tents, awnings or vehicles situated on private property and used for purposes of a building.
- 12) **BUILDING HEIGHT:** The vertical distance measured from the average elevation of the finished grade to the highest point of the roof.
- 13) **BUILDING LINE:** That line measured across the length or width of a lot at the point at which the principal structure may not extend without violating setback provisions.
- 14) **CAMPGROUND:** An area accessible by vehicle and containing campsites or camping spurs for tent and/or RV camping.
- 15) **COMMERCIAL USE:** C-1 The principal use of land or buildings for the sale, lease, rental or trade of products, goods, or services. C-2 Adds higher density plat developments for off-lake parcels only.
- 16) **CONDITIONAL USE:** A land use or development as defined by Ordinance that would not be appropriate generally but may be allowed with appropriate restrictions as provided by official controls, upon a finding that standards and criteria stated in this Ordinance will be satisfied. A conditional use must be compatible with the surrounding neighborhood.
- 17) **CONDOMINIUM:** Multifamily housing which allows separate ownership of individual units, with all common areas and facilities held in undivided ownership by all unit owners. Any real estate which satisfies the requirements set forth in the provisions of North Dakota Statutes.
- 18) **CONTRACTOR:** Means (but is not limited to) any person engaged in the business of construction, repair, alteration, dismantling, or demolition of bridges, highways, roads, streets, buildings, airports, dams, drainage or irrigation ditches, sewers, water or gas mains, water filters, tanks, towers, oil, gas, or water pipelines, and every other type of structure, project, development, or improvement coming within the definition of real or personal property, including the construction, alteration, or repair of property to be held either for sale or rental, and shall include subcontractor, public contractor, and nonresident contractor (per NDCC 43-07-01). Also includes Landscapers, Dirt/Aggregate Haulers, Paving Contractors, and Demolition Contractors.
- 19) **CONTRACTOR-NONRESIDENT:** Means any contractor who has not an established and maintained place of business within this state, or who has not made reports to North Dakota workforce safety and insurance within the previous year of employees within this state, and who has not made contributions to the North Dakota workforce safety and insurance fund accordingly, or who, during a like period has not made an income tax return in this state.
- 20) **DECK:** A horizontal un-enclosed platform with or without attached railings, seats, trellises, or other features, attached or functionally related to a principal use or site. [*See also PATIO*]

- 21) DEMOLITION: (*See MOVE-IN, MOVE-OUT, DEMOLITION Definition 43*).
- 22) DOCK: Portable structure extending into the water intended for facilitating water-oriented activity, normally removed from the water seasonally. [*See also PIER*]
- 23) DUPLEX, TRIPLEX & QUADRIplex: Dwelling structures on a single lot having two, three and four units respectively, being attached by common walls and each unit having separate sleeping, cooking, eating, living and sanitation facilities.
- 24) DWELLING: Any structure or portion of a structure or other shelter designed as short or long term living quarters for one or more persons, including rental or timeshare accommodations such as motel, hotel and resort rooms and cabins.
- a) DWELLING - SINGLE FAMILY: A structure designated or used for residential occupancy by one family.
- b) DWELLING - MULTI-FAMILY: A structure designed or used for residential occupancy by more than one family, with or without separate kitchen, dining, or sanitation facilities, including apartment houses, rooming houses, boarding hotels, duplexes, triplexes, quadriplexes, hospitals or nursing homes.
- c) PRINCIPAL DWELLING: The main/core structure, intended for human habitation, on a particular land parcel.
- 25) EASEMENT: A grant by a property owner for specified use of land by a corporation, the public or specified persons.
- 26) FARM: An area which is used for the growing and storage of the usual farm products and the raising of the usual farm animals, containing not less than ten acres.
- 27) FEEDLOT: A lot or building or group of lots or buildings intended for the confined feeding, breeding, raising or holding of animals. [*NDCC 11-33—02.1 defines this further.*]
- 28) FENCE: A partition, wall or gate erected as a dividing marker, visual or physical barrier or enclosure.
- a) DECORATIVE: Open type, such as post and rail or wire link.
- b) PRIVACY: Closed type, such as vertical or horizontal boards with minimal spacing. [*See Section II.E.8.e.*]
- 29) FILL: Soil, sand, gravel, rock or any similar material that is deposited, placed, pushed or transported.
- 30) FINAL PLAT: A drawing or map of an approved subdivision meeting all requirements of this Ordinance.
- 31) GARAGE: A fully enclosed building designed or used for the storage of motor vehicles, not including buildings in which fuel is sold or in which repair or other services are performed. Bathroom and/or guest sleeping quarters may be permitted; separate apartment or full living accommodations not permitted.
- 32) GUEST COTTAGE: A structure intended as a dwelling unit to provide temporary auxiliary living accommodations separate from the principal dwelling.
- 33) HOME OCCUPATION: A gainful occupation conducted by members of the family within the residence or accessory buildings, provided that the only articles sold are those made on the premises.

- 34) INERT PIT: A site where biodegradable material such as yard and garden material, trees, branches and lake weeds may be disposed of. Household garbage, animal waste, furniture, appliances, construction materials, chemicals, paints, batteries and fertilizers shall not be allowed.
- 35) INITIAL PLAT: The preliminary map, drawing or chart indicating the proposed layout of the subdivision to be submitted to the administrative authority for their consideration.
- 36) LOT: A parcel of land designated by plat, metes and bounds, registered land survey, auditor's plat, or other accepted means, and separated from other parcels or portions by said description for the purpose of sale, lease or separation.
- 37) LOT AREA: The area of land within the boundaries of a lot, not including land located below the ordinary high water level of a lake or stream lying within this township.
- 38) LOT LINE: A line bounding a lot.
- a) FRONT LOT LINE: For a riparian lot, the front lot line is that line indicating the ordinary high water level. For non-riparian lots, the front lot line is a line dividing a lot from any public road.
 - b) REAR LOT LINE: Any lot line opposite a front lot line.
 - c) SIDE LOT LINE: Any lot line that meets the end of the front lot line and the end of the rear lot line.
- 39) LOT WIDTH: The horizontal distance between the side lot lines of a lot measured at right angles to the depth.
- 40) MANUFACTURED or MOBILE HOME: A structure of one or more sections designed or used for residential occupancy built upon or having a frame or chassis to which wheels may be attached by which it may be moved upon a highway, whether or not such structure actually has at any given time such wheels attached or is jacked up or skirted. Mobile homes shall be treated as single family housing. [*See Section II.O. FOUNDATIONS*]
- 41) MANUFACTURED or MOBILE HOME PARK: Any premises with three or more mobile home sites or any premises used or held out for the purpose of supplying to the public a parking space for three or more such mobile homes. Sales lots on which automobiles or unoccupied mobile homes, new or used, are parked for purposes of inspection or sale are not included in this definition. For purposes of the Ordinance, manufactured home parks shall be considered a residential Planned Unit Development. [*See Appendix A*]
- 42) MARINA: Commercial docking area to moor one or more watercraft.
- 43) MOVE-IN, MOVE-OUT, DEMOLITION: If a structure is moved in or out of a lot by house movers or by any other means, or a house is demolished and moved off site after demolition, a permit is required for road inspection before and after the project. Failure to obtain a permit prior to the move will result in a fine equal to double the permit fee plus any verified road damage cost.
- 44) NONCONFORMITY: Any legal use, structure, or parcel of land already in existence, recorded and authorized before the adoption of official controls or amendments thereto that would not have been permitted to become established under the terms of the official controls as now written, if the official controls had been in effect prior to the date it was established, recorded or authorized.

- 45) ORDINARY HIGH WATER LEVEL: The boundary of public waters and wetlands indicated by an elevation delineating the highest water level which has been maintained for a sufficient period of time to leave evidence upon the landscape.
- 46) PARK MODEL: See Definition 55.b. for Park Model RV (is readily movable, not directly hooked to power or sewer or with permanently attached additions); or Definition 40 for Park Model as a Manufactured or Mobile Home (is hooked directly to power or sewer, skirted, with attached additions, or whatever makes it not movable in normal RV fashion).
- 47) PATIO: A horizontal un-enclosed platform with or without attached railings, seats, trellises, or other features, attached or functionally related to a principal use or site and at no point extending more than two feet above ground. [See also DECK]
- 48) PERSONAL STORAGE BUILDING: A garage, or building, for personal use only in RE-1 or RE-2 Zoned areas, not to be used as living quarters. [See Section III.D.1.e. and Section III.D.6.b.] <2015> [See Section III.C.6.a. Permitted Uses in C-2 Zoned areas.] <2023>
- 49) PIER: A permanent structure extending into the water and intended for facilitating of water-oriented activity; not removed seasonally. [See also DOCK]
- 50) PLANNED UNIT DEVELOPMENT (PUD): A type of development characterized by a unified site design for a number of dwelling units or dwelling sites on a parcel, whether for sale, rent or lease, and also usually involving clustering of these units or sites to provide areas of common open space, density increases and a mix of structure types and land uses. These developments may be organized and operated as condominiums, timeshare condominiums, cooperatives, full fee ownership, commercial enterprises, or any combination of these; or cluster subdivisions of dwelling units, residential condominiums, townhouses, apartment buildings, campgrounds, recreational vehicle parks, resorts, hotels, motels; including conversions of structures and land uses to these types of uses. [See Section II.Q.]
- a) PLANNED UNIT DEVELOPMENT-COMMERCIAL: Uses that provide transient, short-term lodging spaces, rooms or parcels with primarily service-oriented operations. Hotel/motel accommodations, resorts, recreational vehicle parks and campgrounds, and other primarily service-oriented activities are examples of commercial planned unit developments.
- b) PLANNED UNIT DEVELOPMENT-RESIDENTIAL: A use where the nature of residency is non-transient and the major or primary focus of the development is not service-oriented. For example, single family residences; duplexes; triplexes; residential apartments; mobile home parks; condominiums; timeshare condominiums; townhouses; cooperatives; and conversions of structures and land uses to these. Developments of more than four such dwelling units or sites shall be considered Residential Planned Unit Developments.
- 51) PLANNING & ZONING COMMISSION: The Roland Township Planning & Zoning Commission as duly appointed by the Roland Township Board of Supervisors.
- 52) POINT: A projecting or tapering piece of land; promontory; cape.
- 53) PREMISES: A lot, together with all buildings and structures thereon.
- 54) PRINCIPAL USE: The primary or main use of the premises which is subject to this Ordinance.

- 55) RECREATIONAL VEHICLE (RV): Any vehicle or vehicular portable structure built on a chassis, fully self-contained, less than four hundred square feet (400 sf) in size, and designed to be used as a temporary dwelling for travel, recreation, or other vacation use.
- a) An RV shall not be considered a PRINCIPAL or FAMILY DWELLING, and, therefore, is considered temporary. The number of human inhabitants in an RV, for Township ordinances, is limited to no more than six (6) individuals; unless certified for more inhabitants.
 - b) PARK MODEL: A Park Model is, by industry standards, considered to be a Recreational Vehicle (RV) not exceeding forty feet (40') in length which is primarily designed to provide temporary living quarters for recreation, camping, or seasonal use, is built on a single chassis, is mounted on wheels and is readily movable, has a gross trailer area not exceeding 400 square feet of enclosed living space in the setup mode and is certified by the manufacturer as complying with American national standards institute standard A119.5. (Ref. NDCC Chapter 57-55-10 subsection 2). An RV matching such definition is therefore subject to the same Township Zoning rules and regulations as the more conventional type of RV as defined above. A Park Model unit of any size that is not readily movable requires a Building/Location Permit.
 - c) SETBACKS: Must meet all setback requirements regardless of zoning classification and length of stay on private (non-commercial) property.
- 56) RECREATIONAL VEHICLE CAMPGROUND: Any area, whether privately or publicly owned, used on a daily, nightly, weekly or longer basis for the accommodation of three or more tents, recreational vehicles, or a combination thereof, either free of charge or for compensation. [See Appendix A]
- 57) RESORT: A private recreational development which includes multiple units intended for habitation on a temporary basis for relaxation or recreational purposes.
- 58) RIGHT-OF-WAY: Land used as a road, street, alley, or crosswalk.
- 59) RIPARIAN LOT: A lot or parcel, any part of which abuts a public water.
- 60) ROAD: A right-of-way which affords the principal means of access to abutting property. A road may be designated as a highway, thoroughfare, street, parkway, boulevard, avenue, drive, place or other appropriate designation.
- 61) SEPTIC TANK: Any watertight, covered receptacle designed and constructed to receive the discharge of sewage from a building's sewer, to separate solids from liquids, digest organic matters and store liquids for a period of detention, and allow the liquids to discharge to a soil absorption system.
- 62) SETBACK: The minimum horizontal distance between a structure, sewage treatment system, or other facility and an ordinary high water level, sewage treatment system, top of a bluff, road, highway, property line, or other facility.
- 63) SEWAGE TREATMENT SYSTEM: A system, including the septic tank and soil absorption system, whereby septic tank effluent is treated and disposed of below the ground surface by filtration and percolation through the soil. This includes those systems commonly known as: seepage bed, trench, drainfield, or mounds.
- 64) SEWER SYSTEM: Pipelines, conduits, pumping stations, force main and all other construction, devices, appliances, or appurtenances used for conducting sewage or industrial wastes to a point of ultimate disposal.

- 65) SHORELAND: Land located within the following distances from public waters: one thousand feet (1,000') from the ordinary high water level of a lake, pond or flowage; and three hundred feet (300') from a river or stream.
- 66) SIGN: An identification, description, illustration or device which is affixed to or represented directly or indirectly upon a building, structure or land; and which directs attention to a product, place, activity, person, institution or business. [See Section II.G.]
- 67) STORAGE BUILDING: (See Definitions for GARAGE, PERSONAL STORAGE BUILDING, WATER ORIENTED STORAGE SHED) <2015>
- 68) STRUCTURE: Any building or appurtenance, including decks; but not including aerial or underground utility lines such as sewer, electric, telephone, gas lines, towers, poles or other supporting facilities.
- 69) STRUCTURAL ALTERATION: Any change, except those required by law or ordinance, which would prolong the life of the supporting members of a structure or building, such as bearing walls, columns, beams or girders.
- 70) SUBDIVISION: Land that is divided for the purpose of investment, sale, rent or lease, including Planned Unit Developments.
- 71) SUBSTANDARD LOT: Any lot that does not conform to the minimum lot area prescribed by the Ordinance.
- 72) TEMPORARY STRUCTURE: Any structure which has been erected or moved onto a lot in order to be utilized for any purpose for a period not to exceed six (6) months. Any structure which is not a temporary structure is considered a permanent structure and must comply with all applicable provisions of this Ordinance.
- 73) TOWNSHIP: The Roland Township, T163N-164N, R75W.
- 74) VARIANCE: Any modification or variation of the requirements of this Ordinance granted after application and consideration pursuant to the Ordinance.
- 75) WATER-ORIENTED ACCESSORY STRUCTURE or FACILITY: A small, above-ground building or other improvement, except stairways, fences, docks and retaining walls, which because of the relationship of its use to a surface water feature, reasonably needs to be located closer to public waters than the normal structure setback. Examples of such structures include boathouses and storage sheds. [See Section II.E.8.d.]
- 76) WATER-ORIENTED STORAGE SHED: An above-ground building used solely for the storage of recreational type equipment, maximum area of one hundred forty-four square feet (144 sf); not to exceed eight foot (8') side walls, minimum flat or 3-12 to a maximum 4-12 pitch roof; new exterior construction, colored to blend in with natural surroundings; accessible to water; located no closer than seven and one-half feet (7 1/2') from the ordinary high water level and no closer than seven and one-half feet (7 1/2') from the side lot line. CANNOT BE USED FOR LODGING, PATIO, OR BALCONY.

SECTION II
GENERAL PROVISIONS

A. **JURISDICTION**

The jurisdiction of this Ordinance shall include all lands within Roland Township. Any lands not affected by this Ordinance due to governmental ownership shall be subject to this Ordinance upon transfer to non-governmental ownership.

B. **AMENDMENTS**

The Board of Township Supervisors may from time to time, on their own motion or on petition, amend, supplement or repeal provisions of this Ordinance after a public hearing.

C. **NON-CONFORMING USES**

The lawful use of a building, structure or premises existing at the time of adoption or amendment of this Ordinance may be continued although such use does not conform with the provisions of the Ordinance.

1. The total structural repairs or alterations in such a non-conforming building or structure shall not, during its life, exceed fifty percent (50%) of the appraised fair market value of the building or structure, unless permanently changed to a conforming use (with the exception of an existing boathouse).
2. If a non-conforming use is discontinued for a period of twelve (12) months or more, any future use of the building, structure or premise shall conform with this Ordinance.
3. Where the non-conforming structure is to be the PRINCIPAL DWELLING on the property, the provisions of Item C.1. do not apply, PROVIDED there shall be no changes resulting in an increase to any of the exterior dimensions of the existing structure. This exception applies only to repairs to existing habitable structures and those necessary because of accidental fires or Acts of God, and is not intended to otherwise allow for reconstruction of demolished or dilapidated structures.

D. **NON-CONFORMITIES AND SUBSTANDARD LOTS OF RECORD**

Non-conformities in existence as of the date of enactment of this Ordinance shall not be allowed to continue, with the following exceptions:

1. Buildings or structures which were legally constructed prior to adoption of this Ordinance, but that do not meet the provisions of this Ordinance, may continue in use.
2. Deck additions to structures that do not meet the minimum setback from the ordinary high water level are allowed, with a building permit, provided:
 - a. The structure existed on the date the structure setbacks were established;
 - b. The deck shall be not closer than thirty feet (30') from the normal high water mark.
 - c. The deck is constructed primarily of wood, and is not roofed or screened; and
 - d. The deck surface is not over three feet (3') above existing grade at any point along its perimeter.
3. Non-conforming Use of Land may continue, provided:
 - a. Uses which are declared to be a public nuisance shall not continue; and
 - b. When a non-conforming use of land is discontinued for more than twelve (12) months, the new use of land must conform to the provisions of this Ordinance.
4. Development of Substandard Lots of Record
 - a. Lots of record as recorded in the Office of the Bottineau County Register of Deeds prior to adoption of this Ordinance shall be allowed as building sites, provided that:

- i. The lot was created in compliance with applicable Zoning Ordinance and law in effect at that time;
 - ii. The use is permitted in the zoning district;
 - iii. The lot has been in separate ownership from abutting lands at all times since it became substandard;
 - iv. The sewage treatment and setback requirements of this Ordinance are complied with; and
 - v. A building permit is obtained from the Township Zoning Administrator.
 - b. Setback Variance Requirements
 - i. A Variance from setback requirements must be obtained before any use, sewage treatment system or building permit is issued for a lot that does not meet setback requirements.
 - ii. In evaluating the Variance application, consideration must be given to the sewage treatment and water supply capabilities or constraints of the lot. The Variance shall be denied if compliant facilities cannot be provided.
 - c. Combining of Contiguous Substandard Lots:
 - i. If, in a group of two or more contiguous lots under the same ownership, any individual lot does not meet the minimum lot width and lot area requirements specified in this Ordinance, the lot shall not be considered as a separate parcel of land for purposes of sale or development.
 - ii. The lot must be combined with one or more contiguous lots so that they equal one or more parcels of land, each meeting the requirements of lot area and lot requirements.
- E. **SHORELAND AREAS**

Shoreland areas shall include all lands within one thousand feet (1,000') from the normal high level of a lake, pond, or flowage, and three hundred feet (300') from a river or stream.

 1. **SETBACKS:**
 - a. SETBACKS FROM WATER in shoreland areas for all buildings, structures, and recreational vehicles (with or without a conditional use permit), except piers, hoist, and boathouses, shall be not less than fifty feet (50') from the normal high water line.
 - b. The LAND ELEVATION at the building site shall not be less than four feet (4') above the normal high water line.
 - c. On POINTS OF LAND: The minimum setback from the point - or narrowest frontal piece of property - shall be not less than fifty feet (50') from the ordinary high water mark. The setback from the side Lot lines shall be not less than twenty-five percent (25%) of the horizontal distance of the Lot as measured across the front building line.
 - d. An exception to the 50' setback may be allowed to align with existing adjacent dwellings closer than 50' to normal high water line.
 2. **REMOVAL OF TREES:** Removal of trees in excess of twenty percent (20%) of the number of trees within fifty feet (50') of the shoreline shall be prohibited, unless a Variance Permit has been granted.
 3. **TOPOGRAPHY VARIANCE:** Where, because of topography or other factors a Variance Permit is applied for, the Zoning Administrator and board shall consider scenic beauty, control of erosion and reduction in effluent and nutrient flow from the shoreland in deciding to grant or deny the Variance.
 4. **FILLING & GRADING-DETRIMENTAL:** Filling and grading which would result in harm to the lakes and streams by increasing sedimentation, erosion or impairing fish and aquatic life and the quality of the water, shall be prohibited.

5. **FILLING & GRADING-NOT DETRIMENTAL:** Where filling and grading for the purpose of lakefront development is not deemed detrimental to the scenic beauty and water quality, a Variance Permit to grade and fill not to exceed one thousand square feet (1,000 sf) of a lot/s area may be granted, provided that such grade and fill conforms to adjacent topography and does not cause drainage issues to adjacent properties. <2023>
6. **SEWAGE DISPOSAL SYSTEMS:** To protect the public health, abate nuisance and odor conditions, to control water pollution and to abate the problem of nutrients of sewage and waste sources entering the lakes and streams, construction of privies and cesspools shall be prohibited in shoreland areas. The following regulations apply:
 - a. Septic tanks and drain fields shall be located no closer than seventy-five feet (75') from, and not less than four feet (4') above, the normal high water line.
 - b. The water well shall be located no closer than fifty feet (50') from the septic tank and the drain field or seepage pit.
 - c. There shall be no discharge or deposition of the liquid or solid wastes from the septic tank upon lands within the shoreland areas.
 - d. In the non-shoreland areas, all privies, septic tanks, drainage fields and seepage pits shall be adequate to handle all liquid wastes in order to avoid ground and surface water pollution.
 - e. Areas of developments where watershed or effluent drainage may be deemed to have an adverse impact on the Lake Metigoshe water basin may be required to be annexed into the Lake Metigoshe Recreational Service District public sewer service area.
 - f. The Lake Metigoshe Recreational Service District and North Dakota State Health Department First District Health Unit regulations, and all amendments thereto, are adopted by reference into this Ordinance.
7. **BOATHOUSES:** The construction of boathouses after the date of enactment of this Ordinance shall be prohibited. Boathouses in existence at the time of enactment of this Ordinance may continue in use, provided:
 - a. They are maintained in a reasonably neat appearance and are structurally safe.
 - b. Repairs necessary to keep such an existing structure in use are allowed as long as there is no change in footprint, no second stories will be allowed, use of a flat roof as a deck to be allowed, or a roof up to 4/12 pitch. A permit for repairs is required. <2017>
 - c. Changing from a flat roof to a pitched roof will not be considered a change in dimensions. A maximum pitch can be 4-12.
8. **ACCESSORY USES AND STRUCTURES:** Where a lot is devoted to a permitted principal use or customary accessory uses and where structures are authorized, except as specifically prohibited or prohibited by implication of this or any other ordinance, the following special rules apply:
 - a. All accessory buildings, including carports and breezeways, ATTACHED to the principal building shall be made structurally a part thereof and shall comply in all respects with the requirements applicable to the principal building.
 - b. All DETACHED accessory buildings or structures shall be located on the side or rear yards; they shall comply with all yard requirements applicable to the principal building.
 - i. An owner of lakeshore property, or a property designated as RE-1 or RE-2, wanting to build an accessory building prior to building his primary residence on that lot, shall be required to purchase a building permit for his accessory building plus a \$400 permit for the dwelling. The additional \$400 dwelling permit shall be required to be renewed each year for three (3) years or until the dwelling is

constructed if earlier than three (3) years. If the dwelling is not under construction after three (3) years, or if the \$400 renewal requirement is not met, the Roland Township Board shall have the authority to assess a fine of \$200 per day not to exceed \$2000 per year, as a tax lien on the property until such time as the dwelling is under construction with proper permitting. <2015>

- c. PIERS and DOCKS are allowed, but must comply with this Ordinance and North Dakota law. (*Regulated by ND State Water Commission and/or US Army Corps of Engineers*)
 - d. Each lot may have one WATER-ORIENTED accessory structure not meeting the normal structure setback as specified in Section II.E.1, provided that such structure complies with the provisions provided for under Section I.E. Definitions 10, 75 and 76.
 - e. FENCES: A Fence Permit shall be obtained before starting construction and will require that the property owner sign a waiver releasing Roland Township from liability related to the proposed fence. Adjoining property owners shall sign to show their agreement with the location of the placement of the fence, within the following guidelines:
 - i. Fences shall be a minimum of twelve feet (12') from the edge of the road where no defined right-of-way exists or is known; where right of way is defined the fence can be on the right of way line, but in no case shall the fence be closer than 12' from the edge of the road. [*Per County request 2023*]
 - ii. A DECORATIVE fence shall be allowed not closer than 7 1/2' from the ordinary high water mark and shall not exceed 4' in height, within 30' of the ordinary high water mark.
 - iii. A PRIVACY fence shall be allowed not closer than 30' from the ordinary high water mark and shall not exceed 8' in height.
 - iv. SINGLE wire, single chain or single cable type fences are not allowed, due to danger to children, bikers, runners, etc.
9. **EROSION CONTROL:** Any disturbance of shoreland areas pursuant to Section II.E. Items 2-5 shall require straw barriers or similar device placed in a manner to reduce effluent and nutrient flow and prevent erosion from the property washing into the lake. <2023>

F. **LAND SUITABILITY**

1. Land with inadequate drainage, soil limitations or any other condition likely to be harmful to health and safety shall not be used for seasonal or permanent uses.
2. Where any uncertainty exists as to the suitability of the land for on-site sewage disposal, the Soil Conservation Service may be requested to study the soil conditions and file a report with the Zoning Administrator prior to a decision being made on suitability.

G. **SIGNS**

No signs shall be located, erected, moved and/or enlarged in the Residential, Recreational and Commercial districts, except as permitted by this Ordinance.

1. The signs permitted in Residential and Recreational districts shall be limited to:
 - a. Real estate signs, not to exceed eight square feet (8 sf);
 - b. For charitable or religious institutions, not to exceed eight square feet (8 sf);
 - c. Official signs for traffic control, information and notice, not to exceed two square feet (2 sf) or as per Federal, State or County regulations;
 - d. Home occupations and property identification, not to exceed two square feet (2 sf);
 - e. Signs for resorts and other permitted uses, not to exceed eight square feet (8 sf).

2. The signs permitted in the Commercial district shall be limited to:
 - a. Ground signs not exceeding twenty feet (20') in height above the road grade and not exceeding one hundred square feet (100 sf) in area;
 - b. Wall signs not exceeding one hundred square feet (100 sf) in area;
 - c. Window signs not exceeding twenty-five percent (25%) of the window area.
3. Permitted signs shall be located as close as feasible to, without actually encroaching upon, highway right-of-ways.
4. A sign existing at the time of adoption of this Ordinance may be continued, although it shall be deemed a non-conforming use if it does not conform with the provisions of this Ordinance.

H. **CONDITIONALLY PERMITTED USES**

Applications for Conditional Use Permits may be granted only if all of the following conditions are present. Additional conditions may be imposed in the discretion of the Zoning Administrator and Zoning Board:

1. The uses, values and enjoyment of other property shall not be impaired or diminished by the proposed use.
2. The proposed use will not be detrimental to or endanger public health, safety, comfort or general welfare.
3. The proposed use will not impede the normal and orderly development and improvement of surrounding property for permitted uses.
4. Adequate utilities, access roads, drainage and other necessary site improvements exist.
5. The proposed use shall conform to all applicable regulations of the Zoning District in which it is located.

I. **LOT AREA REGULATIONS**

Except as otherwise provided for in this Ordinance, no new lot shall be created by plat, metes and bounds description or otherwise, which does not meet the minimum dimensional requirements required by this Ordinance. This regulation does not prohibit the conveyance or creation of a substandard parcel but will result in the denial of building permits.

1. No lot area shall be reduced or diminished so that the yards or other open spaces are smaller than prescribed herein, nor shall the number of dwelling units be increased in any manner except in conformity with this Ordinance.
2. The area of any lot shall not be reduced below the minimum standards required by this Ordinance.

J. **PROPERTY OWNERSHIP**

Applicants for zoning changes, building permits, variances and all other matters requiring an application must be the record title owner of the real estate described in the application.

K. **PLAT PLANS FOR ZONING CHANGES**

Applicants requesting zoning changes will be required to provide plans on the property, a plat of the real estate to be rezoned, and blueprints and other necessary plans for any proposed improvements to be made on the real estate.

L. **EXCAVATION**

Applicants will be required to provide plans for any and all excavation projects.

M. **REZONING APPLICATION FEE**

An Application Fee of \$200.00 will be required when an application is made to rezone property.

1. If the application for rezoning is accepted, the fee will not be refunded.

2. If the application is withdrawn by the applicant, the fee will not be refunded.
3. If the application for rezoning is denied, the fees less expenses incurred in advertising, meeting fees, etc. will be refunded.

N. TRANSIENT SITE VENDING PERMITS

Upon application and approval, temporary Vending Permits may be issued for a specified period of time, not to exceed seven (7) consecutive days, and for a sum of \$25.00 per day.

1. Permits will be valid for the period of time and location as specified on the permit.
2. Permits are granted in the discretion of the Zoning Administrator regardless of the zoning status of the property for which the permit is issued.
3. The Zoning Board reserves the right, in its discretion, to make changes in vending permit fees.
4. Valid North Dakota Sales Tax Permits are required. Applicants must provide all required Sales Tax Permits and comply with this Ordinance and North Dakota law.

O. FOUNDATIONS

1. All homes shall be placed on permanent foundations according to requirements set forth under the current Uniform Building Code and amendments thereto.
2. Mobile or manufactured homes shall have their wheels removed, be placed on a permanent foundation, properly anchored and fully enclosed, except when used as temporary housing for a maximum period of one year during construction of a permanent dwelling. Park Models not readily movable fall under this requirement.

P. MOBILE HOME PARKS, TRAILER PARKS & CAMPGROUNDS

The definitions, rules and regulations of the North Dakota Department of Health are hereby adopted and incorporated by reference into this Ordinance. See APPENDIX A.

Q. PLANNED UNIT DEVELOPMENTS

See Section I.E. - Definitions 17 and 50. Requests for approval or consideration of Planned Unit Developments shall require the applicant to submit in writing the following:

1. A detailed plat plan of the proposed development with the legal description of the real estate and showing the proposed number, size and location of all structures, streets, roads, and accessory facilities.
2. A plan for providing and maintaining water, sewer, and garbage collection services.
3. Who will be responsible for the construction and maintenance of streets and access roads.
4. A verified statement by the applicant that the real estate is properly zoned or that rezoning has been applied for.

R. LOAD HAULING REQUIREMENT

All loads are required to be tarped or secured before hauling to eliminate debris, hazards, or damage to other property.

S. TOWNSHIP GUIDELINE FOR INSTALLATION OF APPROACHES ON ASPHALT PAVEMENT ROADS

Any landowner adjacent to a Township Paved Road wishing to construct an Approach must have the location approved by a representative of the Township prior to construction. The Approach shall maintain

drainage along the pavement by means of a culvert or other grading procedures to avoid ponding water along the paved shoulder. The finished surface of the Approach shall be level with or lower than the shoulder elevation of the paved shoulder for a distance of five feet (5') from the shoulder edge. A minimum distance of three feet (3') may be approved for extreme slope conditions. ~~The maximum approach width shall be twenty-four feet (24').~~ [2023]

T. **REQUIREMENTS FOR CONTRACTOR LICENSING**

Contractors working in the state of North Dakota on projects over \$4,000 are to have a Contractor License from the ND Secretary of State. <2015 Township License Repealed>

SECTION III
ZONING DISTRICTS

For purposes of this Ordinance, Roland Township is divided into the following zoning districts:

- A - Agricultural District
- RR - Rural Residential District
- RE - Recreational District
 - RE-1 = Single family dwellings only
 - RE-2 = Single/Multi-family dwellings
- C - Commercial District
 - C-1 = Principally for Sale, Lease, Rental or Trade of Products, Goods or Services
 - C-2 = As permitted in C-1 plus High Density Plat Developments for Off-Lake Parcels Only

A. **ZONING DISTRICT MAP**

1. The location and boundaries of the Zoning Districts are hereby established as shown on the map entitled "Zoning District Map" on file in the office of the Zoning Administrator. The Zoning Administrator shall regularly update the "Zoning District Maps" to show any changes in the zoning district boundary lines resulting from changes or amendments to zoning. [*Also online at www.rolandtwp.com/zoning*]
2. Location of District Boundaries: The zoning district boundaries are the same as the township boundaries. The following rules shall apply with respect to the boundaries of the zoning district as shown on the "Zoning District Maps":
 - a. Where the zoning district boundary lines are indicated as following highway, road, railroad right-of-ways, such boundary lines shall be construed to be the centerline of said right-of-ways unless clearly shown to the contrary.
 - b. Where any uncertainty exists as to the exact location of the zoning district boundary line, the Board of Appeals shall determine the location of such boundary lines.

B. **A-AGRICULTURAL DISTRICT**

1. **Permitted Uses:**

- a. General farming, dairying, livestock, and poultry raising, horticulture, nurseries, greenhouses, and roadside stands for sale of those products which are grown or produced on the premises.
- b. Single family detached dwelling units on lots with not less than five (5) acres in area.
- c. Churches and facilities related to religious institutions.
- d. Golf courses, not including miniature golf courses.
- e. Public parks and playgrounds.
- f. Public and parochial schools including elementary and secondary schools, and colleges and universities.
- g. Temporary structures incidental to construction work not extending beyond the period of work.
- h. Utility lines and facilities for public services, but not including buildings used for offices, storage or garages.

2. **Conditionally Permitted Uses:**

- a. Airports.
- b. Cemeteries and crematoriums.
- c. Radio, television and wireless communication towers and accessory buildings.
- d. Mineral extraction including sand and gravel operations for commercial purposes.
- e. Inert landfill sites; Sewage lagoons.
- f. Convenience stores, excluding service/gasoline facilities.
- g. Grain elevators.
- h. Skeet, trap and rifle ranges, if not closer than eight hundred feet (800') to any residences.
- i. Home occupations.
- j. Seasonal retail facilities (utilized for six months or less per year).
- k. Rental storage facilities.
- l. Mobile home parks, trailer parks and campgrounds.
- m. Bed and Breakfast establishments.
- n. Commercial wind-powered electrical generation towers, not to exceed 125' in height, as well as necessary associated facilities and transmission lines.

3. **Building Height Limits:**

- a. Residential buildings hereafter erected or structurally altered shall not exceed two and one half (2 1/2) stories or thirty-five feet (35').
- b. For all other uses, except communication towers, the maximum height shall be sixty-five feet (65').

4. **Setback Requirements:**

- a. The minimum setback (or building line) measured from front lot line, shall be not less than fifty feet (50'), or one hundred fifty feet (150') from the center line if abutting a federal, state, county or township road.
- b. The minimum setback measured from the side lot line shall be not less than fifteen feet (15'), or one hundred fifteen feet (115') from the center line if abutting a federal, state, county or township road.
- c. The minimum setback measured from the rear lot line shall be not less than fifty feet (50') or one hundred fifty feet (150') from the center line if abutting a federal, state, county or township road.

C. RR - RURAL RESIDENTIAL DISTRICT: [NOT APPLICABLE TO SHORELAND AREAS]

1. Permitted Uses:
 - a. Single-family nonfarm dwellings and accessory buildings.
 - b. Churches, schools and related facilities.
 - c. Home occupations.
 - d. Public parks, playgrounds and golf courses, including miniature golf courses.
2. Conditionally Permitted Uses:
 - a. Multi-family dwellings.
 - b. Hospitals and nursing homes.
 - c. Public buildings and facilities, not including storage and repair shops.
 - d. Sewage lagoons.
 - e. Condominiums and Planned Unit Developments.
 - f. Seasonal retail facilities (utilized six months or less per year).
 - g. Rental storage facilities.
3. Area and Density Requirements:
 - a. Where a public sewer collection system is available, the minimum lot area shall be fifteen thousand square feet (15,000 sf).
 - b. Where a public sewer collection system is not available, the minimum lot area shall be one acre (43,560 sf), or meet the requirements set forth by the governing Public Health Agency, whichever is greater.
 - c. Multi-family dwellings, condominiums and Planned Unit Developments may require larger minimum lot sizes as per Public Health Agency requirements.
 - d. The minimum lot area for non-residential uses shall be one acre.
 - e. The principal and accessory buildings shall occupy not more than thirty percent (30%) of the lot area.
 - f. The minimum area for a residential subdivision shall be not less than ten (10) acres.
 - g. The number of access points to township, county and state roads shall be kept to a minimum by providing direct access from the residential streets designed for that purpose.
4. Building Height Limit:
 - a. Residential buildings hereafter erected or structurally altered shall not exceed two and one half (2 1/2) stories or thirty-five feet (35') in height.
 - b. Other buildings shall not exceed fifty feet (50') in height.
5. Setback Requirements:
 - a. The minimum setback (or building line) measured from the front lot line shall be not less than fifty feet (50'), or one hundred fifty feet (150') from the center line if abutting a federal, state, county or township road.
 - b. The minimum setback from the side lot lines shall be not less than fifteen feet (15'), or one hundred fifteen feet (115') from the center line if abutting a federal, state, county or township road.
 - c. The minimum setback from the rear lot line shall be not less than twenty-five feet (25'), or one hundred twenty-five feet (125') from the center line if abutting a federal, state, county or township road.

D. **RE-RECREATIONAL DISTRICT:**

1. **RE-1 Permitted Uses:**

- a. Single family dwelling, lake cabin, or cottage.
- b. Temporary use of an RV in Lake Metigoshe Recreation Service District (LMRSD) for additional sleeping space or guest accommodations for not more than five (5) consecutive days in any one calendar year, provided that adequate provisions for storage and/or disposal of waste-water and/or sewage effluent has been made as per requirements of LMRSD. Use of an RV for more than five (5) consecutive days in any one calendar year shall require a Location and Conditional Use Permit (RV CUP) (*See Conditionally Permitted Uses below.*) <revised 2021>
- c. Temporary use of an RV in other than Lake Metigoshe RE-Recreational Districts is permitted, provided that adequate provisions for storage and/or disposal of waste-water and/or sewage effluent have been made.
- d. No more than one RV per land parcel is allowed under RE-1 zoning (in keeping with the principle of RE-1 being Single-Family).
- e. A back lot not developed for residential dwellings may have a Personal Storage Building or Garage provided the building is no larger than 40 feet by 60 feet with no higher than 16 foot sidewalls and no greater than 5-12 pitched roof. The building must meet the setbacks as described in the Ordinance, and must blend with the surroundings in the area, i.e. – neutral colors and no galvanized steel roofs, a steel roof must be of a colored steel. A conceptual drawing showing design and color of the building shall be provided with the permit application. <2015>
- f. A landowner may, without the purchase of an RV Conditional Use Permit, place an RV in storage on said landowner’s property if said RV is also titled in the name of the landowner and if RV meets applicable setbacks. The RV may not then be used for guest accommodations beyond five days or said RV will not be considered in storage and the landowner shall be required to obtain an RV CUP as provided in RE-1 Conditionally Permitted Uses below. <2023>

2. **RE-1 Conditionally Permitted Uses:**

- a. Temporary use of an RV in Lake Metigoshe Recreation Service District (LMRSD) for additional sleeping space or guest accommodations for more than five (5) consecutive days in any one calendar year, provided that adequate provisions for storage and/or disposal of waste-water and/or sewage effluent has been made as per requirements of LMRSD, and shall require the purchase of a Location and Conditional Use Permit (RV CUP) from the township Zoning Administrator. Permit may include an additional fee imposed by LMRSD. <revised 2021>
- b. [Reserved for future use.]
- c. RV placement must meet the same Setback Requirements as for principal and accessory buildings, per Setback Requirements Item 7.a.b.c. below.
- d. Violations may result in fines assessed to the owner(s) of the parcel on which the RV is parked.
- e. Planned Unit Developments. [*See Section II.Q.*]
- f. On-site private business establishments, i.e. professional/consulting offices, beauty parlors and internet-oriented occupations, providing that there is adequate onsite/off-road parking for patrons.

3. **RE-2 Permitted Uses:** [*MAY REQUIRE REZONING OF PROPERTY*]

- a. Single-family dwellings, lake cabins and cottages.
- b. Multi-family dwellings, lake cabins and cottages.
- c. Recreational Vehicle (RV) permitted use in RE-2 is the same as for RE-1.
- d. Golf courses, including miniature golf courses.
- e. Public campgrounds, parks and playgrounds.

f. Churches, schools and related facilities - including transient housing facilities.

4. RE-2 Conditionally Permitted Uses:

- a. Recreational Vehicle (RV) conditionally permitted use in RE-2 is the same as for RE-1.
- b. Sewage lagoons.
- c. Commercial campgrounds.
- d. Seasonal retail establishments (utilized for six months or less per year).
- e. Condominiums and apartment complexes.
- f. Planned Unit Developments.
- g. Bed and Breakfast establishments.
- h. Wireless communication repeater type antennas/towers not to exceed one hundred feet (100') in height.

5. Area and Density Requirements RE-1 & RE-2:

- a. Where a public sewer collection system is available, the minimum lot area shall be fifteen thousand square feet (15,000 sf) with a minimum front lot width of seventy-five feet (75').
- b. Where a public sewer collection system is not available, the minimum lot area shall be one acre (43,560 sf), or meet the requirements of the governing Public Health Agency, whichever is greater.
- c. The minimum lot area for non-residential uses shall be one acre (43,560 sf).
- d. The principal and accessory buildings shall occupy not more than thirty percent (30%) of the lot area.

6. Building Height Limits RE-1 & RE-2:

- a. Residential buildings hereafter constructed and/or structurally altered shall not exceed two and one half (2-1/2) stories or thirty-five feet (35') in height.
- b. Garages or Personal Storage Buildings on back lots shall not exceed sixteen foot (16') sidewalls with no more than 5-12 pitched roof. RE-1 and RE-2 Setback Requirements apply. <2015>

7. Setback Requirements RE-1 & RE-2:

- a. The minimum setback requirements from the edge of roads and highway right-of-ways shall be thirty feet (30') for all principal and accessory buildings. *NOTE: Right of way setbacks on county roads is sixty-six feet (66') from the center of the road.*
- b. The minimum setback requirements from the side lot lines shall be seven and one half feet (7 1/2') and shall be measured from the edge of a structure's overhang.
- c. The minimum distance, measured from the edge of the structure's overhang, between structures on adjacent properties shall be fifteen feet (15').
- d. For condominiums and apartment complexes, the minimum setback requirements from side lot lines shall be required to be increased to be equal to or greater than the height of the structure(s).

E. **C - COMMERCIAL DISTRICT:**

1. **C-1 Permitted Uses:**

- a. Single and multi-family non-farm dwellings
- b. Marinas and commercial resorts.
- c. Hotels, motels and eating and drinking establishments.
- d. Rooming and boarding houses.
- e. Retail and service uses, including grocery, drug and convenience stores, gasoline/ service facilities.
- f. Professional offices and clinics.
- g. Golf courses, including miniature golf courses and amusement establishments.
- h. Lumber yards.
- i. Mobile home parks, trailer parks and commercial campgrounds.
- j. Warehouse and rental storage facilities.
- k. Recreational water slides.

2. **C-1 Conditionally Permitted Uses:**

- a. Sale and service of automobile and farm implements.
- b. Grain storage facilities.
- c. Pet kennels; Riding stables; Slaughter houses.
- d. Mineral extraction, including commercial sand and gravel operations.
- e. ATV courses and race tracks.
- f. Sewage lagoons.
- g. Utility facilities (Substations, etc.)
- h. Manufacturing and processing of wood, metal, concrete and blacktop mixing.
- i. Outdoor theaters and movie houses.
- j. Wireless communication towers and associated facilities.
- k. Planned Unit Developments.

3. **C-1 Area and Density Requirements:**

- a. Where a public sewer collection system is available, the minimum lot area shall be fifteen thousand square feet (15,000 sf) with a minimum front lot width of seventy-five feet (75').
- b. Where a public sewer collection system is not available, the minimum lot area shall be one acre (43,560 sf), or meet the requirements of the governing Public Health Agency, whichever is greater.
- c. The principal and accessory buildings shall occupy not more than sixty percent (60%) of the lot area.

4. **C-1 Building Height Limits:**

- a. Buildings hereafter constructed and/or structurally altered shall not exceed sixty-five feet (65') in height.

5. **C-1 Setback Requirements:**

- a. The minimum setback requirements from the front lot line shall be not less than twenty feet (20'), or one hundred twenty feet (120') from the center line if abutting a federal, state, county or township road.
- b. The minimum setback requirements from the side lot lines shall be twenty-five feet (25'), or one hundred twenty-five feet (125') from the center line if abutting a federal, state, county or township road.
- c. The minimum setback requirements from the rear lot line shall be thirty feet (30'), or one hundred thirty feet (130') from the center line if abutting a federal, state, county or township road.
- d. Front and rear setback requirements shall be the same as Recreational if adjacent to or in a predominantly Recreational zoned area.

6. C-2 Permitted Uses:

- a. New off-lake plats for commercial uses as permitted in C-1 plus personal use storage sheds, hobby shops, man cave quarters and the like, which may or may not include living quarters.
- b. Temporary parking areas for recreation vehicles.

7. C-2 Area and Density Requirements:

- a. Where a public sewer collection system is (or will be) available, the minimum lot area shall be fifteen thousand square feet (15,000 sf) with a minimum front lot width of seventy-five feet (75'). **Permit not to be approved until sewer system is constructed.**
- b. Where a public sewer collection system is not available, the minimum lot area shall be one acre (43,500 ft) or meet the requirements of the governing Public Health Agency, whichever is greater.
- c. The principal and accessory buildings shall occupy not more than sixty percent (60%) of the lot area.

8. C-2 Building Height Limits:

- a. Buildings shall not exceed forty feet (40') in height with sidewalls not to exceed twenty feet (20') in height.
- b. Building must blend with the surroundings in the area, i.e., neutral colors and no galvanized steel roofs, a steel roof must be of colored steel.

9. C-2 Setback Requirements:

- a. The minimum setback from the eaves to the road shall be thirty feet (30').
- b. The minimum setback from the eaves to the side lot lines shall be seven and a half feet (7-1/2').
- c. The minimum setback from the eaves to the rear lot line shall be twenty feet (20').

SECTION IV
ADMINISTRATION AND ENFORCEMENT

The administration and enforcement of this Ordinance is hereby vested in the Board of Supervisors of Roland Township and the Roland Township Zoning Administrator.

A. **BOARD OF SUPERVISORS**

All amendments to the text of this Ordinance and the Township Zoning District Maps shall be approved by the Board of Supervisors after a Public Hearing held by the Zoning Board.

B. **ZONING BOARD**

The Zoning Board shall consist of a minimum of three township supervisors. It shall hold Public Hearings for the following:

1. Applications to amend the Zoning District Maps (request a rezone of previously zoned property).
2. Applications for Conditional Use Permits (except Location and Conditional Use Permits for RVs and Mobile Homes).
3. Applications to amend the text of the Zoning Ordinance.
4. Notices of Public Hearings shall be published in accordance with the provisions of the North Dakota Century Code.

C. **BOARD OF APPEALS**

The Board of Appeals for the purpose of this Ordinance shall be the Board of Township Supervisors. Meetings of the Board shall be at the call of the chairman and shall be open to the public.

1. Any person, firm or corporation aggrieved by the decision or ruling of the Zoning Administrator may appeal to the Board of Appeals. The Zoning Administrator shall transmit to the Board of Appeals all records on which his or her decision was based.
2. The Board of Appeals shall fix a reasonable time for the hearing of the appeal and to give due notice thereof.
3. The Board of Appeals shall hear and decide appeals where there are alleged errors in the administration of this Ordinance; to hear and decide on Variances from the terms of this Ordinance as will not be contrary to the purpose and intent of this Ordinance.
4. Where the literal enforcement of this Ordinance will result in practical difficulty or unnecessary hardship, the concurring vote of the majority shall uphold or reverse the order or decision of the Zoning Administrator, and the Board shall record the grounds for its decision.
5. The Board of Appeals shall base its findings upon the evidence presented to it and shall determine that all of the following conditions are present:
 - a. The particular physical surrounding, the topographic condition of the property, would result in unnecessary hardship.
 - b. The purpose of the Variance is not based on a desire for economic or other material gain.
 - c. The alleged difficulty or hardship is caused by this Ordinance and has not been created by any person presently having an interest in the property.
 - d. The Variance shall not be detrimental to the public welfare or injurious to other properties in the area.
 - e. The Variance shall not be contrary to the purpose and intent of this Ordinance. Any person, firm or corporation aggrieved by the decision or ruling of the Roland Township Board of Appeals may appeal to the District Court of Bottineau County.

D. ZONING ADMINISTRATOR

1. The Zoning Administrator receives, files and assists in the preparation, presentation and issuance of Building Permits, Variances, Certificates of Compliance and Requests for Rezoning and/or amendments to the Zoning Ordinance and Zoning District Map, as well as maintaining records and making necessary inspections.
2. The Zoning Administrator shall report all complaints and possible violations of the Zoning Ordinance to the Roland Township Zoning Board for appropriate action.

E. BUILDING PERMITS

1. It shall be unlawful for any person to commence excavation for, or construction of, any building, structure or structural changes in any existing building or structure without FIRST obtaining a Building Permit; except those buildings and structures directly used in connection with farming operations.
2. Building improvements which will result in changes in dimension(s) shall require a Building Permit; (repairs not changing dimensions do not require a permit); converting a flat roof to a pitched roof is not considered a change in dimension, but it must not exceed the 35' height maximum.
3. A Building Permit shall be valid for a term of one year from the date of issue.
4. A project incomplete at the time of expiration of the Building Permit shall require a new Building Permit before continuation of the project will be permitted.
5. An owner of lakeshore property, or a property designated as RE-1 or RE-2, wanting to build an accessory building prior to building his primary residence on that lot, shall be required to purchase a building permit for his accessory building plus a \$400 permit for the dwelling. The additional \$400 dwelling permit shall be required to be renewed each year for three (3) years or until the dwelling is constructed if earlier than three (3) years. If the dwelling is not under construction after three (3) years, or if the \$400 renewal requirement is not met, the Roland Township Board shall have the authority to assess a fine of \$200 per day not to exceed \$2000 per year, as a tax lien on the property until such time as the dwelling is under construction with proper permitting. <2015>

F. CERTIFICATE OF ZONING COMPLIANCE

A Certificate of Zoning Compliance shall be issued, following inspection(s), for the sole purpose of determining whether a building or structure conforms to the size and location as per the approved plot plan on the Building/Location Permit. The Board may order remediation if any building or structure is found to not be in conformance. The issuance of a Certificate of Zoning Compliance is not a warranty or representation that the building or structure has been built in accordance with any specific construction standard or that any of the constituent elements within the structure (e.g. electrical, plumbing, insulation) comply with or meet any industry code, rule or regulation. <2015>

G. VIOLATIONS AND PENALTIES

1. Violators of the Load Hauling Requirements (*see Section II.R.*) shall be subject to fines of up to Five Hundred Dollars (\$500.00).
2. In addition to all other legal remedies, violations of all other provisions of this Ordinance are punishable by a fine not to exceed Two Hundred Dollars (\$200.00).
 - a. Each day the violation exists shall constitute a separate offense.
 - b. Whenever a violation of this Ordinance occurs, any person may file a complaint in regard thereto; all such complaints shall be filed with the Zoning Administrator who shall investigate the alleged violation and report to the Roland Township Zoning Board for appropriate action.
3. The remedies and penalties available through NDCC 58-03-14 also apply.

4. Additionally, a fine of up to \$500.00 per day may be assessed if it is found that wastewater from either the “grey” or “black” water holding tanks are being, or have been dumped, onto the ground or into any conduit capable of passing the effluent into a lake or holding pond.
5. If a project is begun prior to application and issuing of a permit, construction must cease until the appropriate permit is obtained.
 - a. Permit fee will be doubled and may result in additional fines as provided above.
 - b. If a project required a Variance which was not applied for and approved by the Board, the fee to apply after the fact for this Variance will be \$500.00.
 - c. Failure to obtain a proper permit or variance may result in the Board ordering remediation at the expense of the property owner.
 - d. A project found to be proceeding other than as per the permit may result in the Board ordering remediation at the expense of the property owner.

H. **FEE SCHEDULE**
